British and French Register Further Gains Between Somme and Pozieres.

(By the International News Service.) London, Aug. 9 .- On both tips of the eight-mile front from the Somme to Pozieres, the British and French today registered further gains toward their dual objective, Bapaume and Feronna.

After allowing the Germans for the entire night to exhaust themselves in fruitless counter-attacks, the French today resumed the offensive, wrested from the Teutons the one-trench section they had been able to occupy in the night fighting, and fought forward to fresh successes.

More ground was gained in heavy fighting north of the Hem wood, where the troops of Gen. Foch are completing, trench by trench, their occupation of the German second line.

The French advances today came on the heels of an official announcement from Berlin that the French attacks in this sector were "now definitely Berlin reported the capturof almost 400 prisoners and six machine guns, and declared that 'severe losses were inflicted" on the French.
